Our explanations and instructions are clear. We use skilled questioning and engagement to promote curiosity,	overview of current learning and teaching processes, drawing on robust self- evaluation.					
independence and confidence and to regularly enable higher-	Provide opportunities for staff CLPL to ensure effective					

order thinking skills in all learners. We observe learners closely to inform appropriate and well-timed interventions and future learning. We use feedback effectively to inform and support progress in learning.	delivery of learning and teaching, reflecting on appropriate elements of the Learning, Teaching and Assessment (Moderation) Cycle. (eg. LI/SCs, questioning, feedback)			
Theme 3: Effective use of assessment We use a variety of assessment approaches to allow learners to demonstrate their knowledge and understanding, skills, attributes and capabilities in different contexts across the curriculum. Our assessment evidence is valid and reliable. At key milestones, our assessments provide reliable evidence which we use to report on the progress of all children and young people.	Consider current assessment calendar and assessments used and how these should be adapted to support recovery, establishing new assessment guidelines which take account of the varied learning experiences pupils will have had during last session. Ensure a range of assessments (both formative and summative) are used to ascertain the learning needs for each learner.			
Across our learning community we have shared expectations for standards to be achieved and have robust arrangements for moderation across stages and across the curriculum.	Consider how moderation can be used – internally and across the Learning Community – to support their adapted/refreshed learning, teaching and assessment processes.			

Theme 4: Planning, tracking and monitoring As a result of our manageable processes to monitor and evaluate learners' progress we have clear information on their attainment across all curriculum areas.					
--	--	--	--	--	--

Achievement Theme 1: Attainment in Literacy and Numeracy Raise attainment in literacy and numeracy for all learners Learners make very good progress from their prior levels of attainment in literacy and numeracy. Theme 2: Attainment over time Staff make effective use of assessments and their shared understanding of standards to make confident professional judgements about how well children and young people are learning and progressing. Schools Should: * Establish a clear picture of the literacy and numeracy landscape in their own context in order to establish the universal priorities for the year ahead as well as any targeted approaches for stages, groups and individuals. * Provide opportunities for CLPL which supports staff to respond confidently to learners' needs, intervening timeously. * Ensure tracking and monitoring enables earlier identification of young people who may be at risk of not attaining and apply

Theme 3: Overall quality of learners' achievements Overall, our learners are successful, confident, exercise responsibility and contribute to the life of the school, the wider community and as global citizens. They are personally and socially adept and have achieved a range of skills and attributes through a wide range of activities. As they move through their learning pathways they take increasing responsibility for ensuring they continue to add value to their achievements.	Take into consideration experiences of learners whilst at home and how these impact on overall achievements of children and young people. Consider the key personnel and processes which will support learners to reflect on their learning pathway in the light of the varied learning experiences they will have had during 20-21 and, where necessary, reignite learner responsibility for their learning and achievement.

Improvement Priority 3 - Planning for Equity

Quality Indicator 1.3 Leadership of Change 1.5 Management of Resources to Promote Equity 2.4 Personalised Support 2.5 Family Learning 3.1 Ensuring wellbeing, equality and inclusion 3.2 Raising Attainment and Achievement	Recovery Priority These have been generated as a series of prompts/suggestions to assist schools with the recovery planning process. They are based around current research and information around recovery and National Guidelines.	This section should outline why you have chosen to focus on this school improvement area. Draw on your self-evaluation evidence from your S&Q to complete this section.	Key Recovery Tasks (Action Plan) This section should be a brief outline of what you intend to do. Consider who will be involved and when it will be achieved.	Who is Responsible?	Timescale	Desired Outcomes and Measures This section outlines what the desired impact will be for our children and young people and how it will be measured.
3.1 Ensuring, wellbeing, equality and inclusion Theme 3: Inclusion and Equality We have effective strategies in place which are improving attainment and achievement for children and young people facing challenges	Schools should: Identify groups/learners/stages requiring targeted additional support and identify which barriers are poverty-related through a rigorous analysis of all relevant available data (quantitative and qualitative) which takes account of:	Health and Wellbeing PASS assessment results show that there are significant barriers to learning for 29 children (27.6%). SHANARRI self-assessment results show that children from the targeted group (SIMD 1-2 plus FME) feel less positive about being	Health and Wellbeing Complete Boxall Profiles for all children who are shown to have significant HWB barriers through GWA to identify appropriate interventions, including Nurture. Class teachers will use Boxall Profile findings to plan interventions within	Health and Wellbeing Teaching staff Teaching staff	Health and Wellbeing August/September 2021 September 2021 and ongoing throughout the session	Health and Wellbeing Outcome: There will be a 25% reduction in the number of children with significant HWB barriers recognised via the Glasgow Wellbeing Assessment. Nurturing Principles will be evident across the
