

Eco Committee Minutes -15.11.22

Absent: Taryn (P2), Teigan (P5/6), Max (P1/2)

Discussion Points

- Children voted for pledges we would make as a school as a follow up to the Climate Conference Miss Lattimer attended with some P6 & P7 pupils. We chose the points relating to plastic to relate to our 'action plan'.
- Children collected survey results from our water bottle survey – the winning class was revealed to be P3/4 with 100% of children bringing a reusable water bottle during last week. P7 were 2nd with 97%, P5/6 3rd with 95%. Agreed prize was an extra play or extra gym slot (if raining).
- We voted for the winning water bottle design from each class – every class winner will receive a key ring at assembly. The winner for P1-3 and the winner from P4-7 will have their water bottle designed in real life!
- Discussed further ways we can recycle plastic – we decided to start collecting plastic water bottles for an eco-project. We looked online at ideas – agreed we will make a reading igloo for the school library.

Action Points

- Water bottle competition winners and survey winners to be announced at assembly.
- Laura and Rachel (P7) to distribute a 'Bag for Life' to every class to collect water bottles.
- Water bottles will be collected from classes at some point in December (date to be agreed)
