

Eco Committee Minutes - 4.10.22

Discussion Points

- Children met for the first time.
- Discussed Eco Flag – we cannot get it this year as it needs to be completed over 2 years. We will begin working on it this year and complete application in May/June 2023 for completion next session.
- Ideas shared about things we can do this year: competitions, jobs for the Eco Committee, topics for our ‘action plan’ to gain the Eco Flag.
- Decided that our focus is going to be on ‘reducing single use plastics’ because lots of children “have seen others throwing lots of plastic out”.
- We will launch a competition to design a reusable water bottle and survey all the classes about single use plastics.

Action Points

- Miss Feeney to create template for the water bottle competition and Powerpoint for teachers to share with their classes about single use plastics
- Laura and Rachel (P7) to distribute competition templates to classes and prepare a speech for assembly to introduce to school.
- Eco Committee members to survey their class about reusable water bottles week beginning 7th November.
